Facts about Franklin

Franklin is an industrial and home city at the junction of the Winnepesaukee and Pemigewasset rivers, which meet here to form the Merrimack.

Workers: This is the central point of a skilled labor pool of many thousands of experienced workers.

Development: Franklin Developments, Inc., organized under the auspices of the Chamber of Commerce, is an active agency to further Franklin industrial development by factory construction and otherwise.

Factory sites: Ideal acreage available for every size and type of industrial enterprise. Contact the Mayor of Franklin for full information.

Industries: Retail center, woolens, hosiery, knitting machine parts and needles, saws, castings, women's garments, handicrafts, lumber, manufactured millwork, shoes, dairy produce, poultry, apples, maple syrup, wholesale distributing center.

Resorts: Webster Lake and other vacation areas are here, available to all.

Country Homes: Surrounding the city proper is a countryside of fine old farms, many still used as farmsteads, some converted to summer and winter homes by metropolitan residents.

Health: Franklins' dry bracing climate, pure water, unpolluted atmosphere have made it one of the healthiest places in the U. S. A. It is virtually free from noxious pollens. Weeds are kept under control by a municipal ragweed and poison ivy eradication program. Those with allergies find freedom in Franklin.

Incorporated as town: 1828

Incorporated as city: 1895

Population: 1950 census: 6,551

Tax rate: 1950: \$4.80

Property valuation: 1950, \$8,740,057

City streets and roads: 135 miles

Paved streets: approximately 40 miles

Altitude: 334 feet at Franklin Post Office

Area: approximately 40 square miles.

Organization of the City Government for the Year 1950

Inaugural

Delivered Jan. 4, 1950, by Mayor W. Frank Welch

I have accepted the challenge to become Mayor of the City of Franklin with the firm desire to bring Harmony, to continue Economy and to promote Progress.

I am very humble and appreciative of **having** the honor of **being** endorsed by both the Democratic and Republican parties **having** received one of the largest votes that has ever been given one Mayor in this City. I fully realize my obligations to both parties and **politically** I know that it will be impossible to satisfy both sides at all times. I shall strive wholeheartedly to do it, but I shall always put forth the one purpose of working for the people as a whole regardless of party lines for I plainly know that my allegiance is to **all the people** of our fine City.

My efforts to date to bring about Harmony have not been entirely successful as neither party has been willing to agree on every issue brought before them, but I am hopeful that I may eventually succeed by being impartial and showing fairness and respectfulness in dealing with each matter and each side.

I am very pleased that in regard to **Economy**, every councilman both Democrat and Republican is in complete agreement about continuing strict curtailment of all unnecessary expense. They intend to carefully scrutinize every expenditure made.

Members of the council have suggested further savings in the Police, Fire and Highway departments as possible and desirable and they are going to insist on some changes. I shall wholeheartedly back every move towards this end.

In the interest of Progress, it is my considered opinion that the City of Franklin is very fortunate, indeed, to have at this time a man of such capabilities as Walter Zak who is available to take over the many duties of Commissioner of Public Works.

INAUGURAL ADDRESS (Continued)

Mr. Zak has a wonderful record as an Engineer and in serving his country in Sicily, Normandy and the Pacific area of War. It was his engineering skill in the use of Pontoons that made landings of our troops possible and safe. Mr. Zak's offices and duties will include; Highway Commissioner and Tree Warden, Sewer Maintenance, Sanitation and Waste Removal, Cooperation with Board of Water Commissioners and Purchasing Agent.

I am confident that through skillful administration and efficiency Mr. Zak will operate his departments at considerable savings and will promote progress in an actual sense by improving, rather than just letting go, our roads, sidewalks, parks, and playgrounds, sewage, street lighting, building upkeep and all other engineering services. To Progress, in an objective sense, I shall strive to encourage local industry and new industry. I do not wish to say anything on these matters at this time, because only results really count. If we attain any success along these lines, we will report to you through our council meetings and through the press.

Mr. Violette in his final report has given us a record of his undertakings and results. It is a very commendable showing and certainly puts this new administration to a test to prove that this good work can be continued. Good luck Bob Violette in your new undertakings wherever they may take you. You did a fine job here for the City of Franklin, you have made many friends and you have the warm affection and respect of all of us. I have spent considerable time and thought on Committee Appointments and have tried to be very fair in naming members from both parties. The Finance Committee is very important and I have asked Mr. Clarenbach and Mr. Gilman to serve with me. While we have already met and have worked on many of the problems of the 1950 Budget, it will be necessary to us to meet many times with the heads of all departments. Much is expected of this committee in both time and ability.

All other committee appointments will be named at the forthcoming meeting which follows immediately and I wish to ask these committees to function at times between meetings and to

report during the regular council meetings. I shall greatly appreciate their cooperation and results.

The new council and myself are definitely for a lower tax rate this coming year if at all possible. However, we have some problems coming up that may very well take the matter out of our hands. They are real and we will have to face them.

First, there is a possibility that the education of the children of Daniel Webster Home will have to be assumed by the City of Franklin.

Second, the full effect of the loss of State Aid to Education will be felt in this 1950 Budget.

Third, there is a major repair problem at the High School.

Fourth, the pending decision on the Public Service Company suit over excess valuations for four to seven years. We realize these problems and will endeavor to meet the situation in the best possible way.

It is my hope that more citizens of the City of Franklin will take more active interest in Community Affairs. It has been said that in the average American Community 96% of the people take but little interest—just think of it—only 4% offer their services to their City, their Church, their Hospital, the Community Chest, the Red Cross, the Boy Scouts and the like. And there is so much work to be done for all of these institutions and for no pay except the satisfaction of Service. Everyone owes his community a certain amount of such free service as sort of rent for the space he occupies. I urge the citizens of Franklin to give of their time and energy freely for Service to their city government and community affairs. Be ready and willing to take your turn.

It is one thing to accept a Job and it is another **TO DO IT**. You, the people of the City of Franklin, voted for me to be your Mayor. I hold your confidence in high honor, I will dedicate myself this coming year to hard work to try to bring about **HARMONY, ECONOMY and PROGRESS**.

City Government

CITY COUNCIL

Mayor

Elected annually on the fourth Tuesday of November. Salary \$200.00 a year.

W. Frank Welch

Councilmen

Elected by wards for three years. One member from each ward elected on the fourth Tuesday of November annually. No salary.

	Term expires
Ward 1—Charles H. Slack	January 5, 1951
T. J. Sokul	January 3, 1952
Roy Powell	January 4, 1953
Ward 2—Lawrence Gauthier	January 5, 1951
Alcide LaBranche	January 3, 1952
Wiggin S. Gilman	January 4, 1953
Ward 3—Frank Gerry	January 5, 1951
Richard Clarenbach	January 3, 1952
Arnold Bates	January 4, 1953

Auditor's Report

CITY OF FRANKLIN, NEW HAMPSHIRE

FOR THE YEAR 1950

To the Honorable Mayor and City Council
City of Franklin
Franklin, New Hampshire

Gentlemen:

Complying with the City Ordinances, and at your request, I have made an examination of the books and underlying records of the City of Franklin for the fiscal year ended December 15, 1950, and submit herewith a report comprising exhibits, supporting schedules and comments

Scope of Audit

I examined or test checked such records and supporting evidence by the methods and to the extent I deemed appropriate. A substantial number of outstanding Taxes Receivable and Water Accounts Receivable were verified by direct correspondence. Independent verification was obtained on such items as Cash in Bank and Loans Payable.

With the exception of Taxes, Accounts Receivable and some accruals, the books of the City are kept on a cash basis.

BALANCE SHEET—GENERAL FUND

EXHIBIT A

Cash on Hand and In Banks—\$37,815.21

The Cash on Hand was verified by count as at the close of business on December 15, 1950 and Cash in Bank was reconciled to the bank statement and the independent verification received

directly from the depository. All receipts were traced to the bank deposits and all checks cancelled during the year were examined. Compared with the end of the previous year there was an increase of \$8,105.62 in the Cash Account.

Accounts Receivable—\$1,192.29

A detail listing of the outstanding accounts receivable balances was in agreement with the controlling account.

Taxes Receivable—\$41,202.54

As at December 15, 1950 the outstanding Taxes Receivable were \$41,202.54 against which there was a reserve for uncollected taxes in the amount of \$1,460.25. There has been no change in the reserve in the past few years because all abatements have been charged to the overlay. A detail of the activity in the levies of the various years is shown on Exhibit A—Schedule 1 which discloses the difference between the control and the detail accounts. The variances are substantially the same as they were at the end of the previous fiscal year, which indicates that the activity in the controlling accounts for the current year was correctly reflected in the detail account.

Several hundred letters were mailed to the outstanding Taxes Receivable. Any differences reported to me were traced and satisfactorily explained. Approximately 91% of the 1950 tax levy was collected as compared with 92% collection of the 1949 tax levy of the previous year. The delay in issuing the tax levy in 1950 might be the cause for this drop in collection percentage-wise.

The 1950 tax warrant was completely footed and reconciled to the ward books. The valuation was also proved. A spot check was made of the daily receipt stubs on taxes collected and further traced to the tax ledgers.

The 1950 tax rate of \$4.80 per hundred, as approved by the State of New Hampshire Tax Commission, was confirmed by direct correspondence.

AUDITOR'S REPORT (Continued)

Unredeemed Tax Sales—\$3,702.10

Property Acquired by Tax Deeds—\$1,082.29

The above reflects property acquired for non-payment of taxes. These items were accepted as shown on the books.

Due from State of New Hampshire \$13,349.81

This item represents the amount due the City of Franklin on interest, railroad, and savings bank tax as well as Town Road Aid and hedgehog bounties.

Temporary Loans in Anticipation of Taxes—\$65,000.00

The above caption represents the balance due the First National Bank of Boston on loans borrowed in anticipation of taxes and was verified by correspondence. In view of the fact that for the past several years there has always been an unpaid balance in this account, and that the City cannot pay the loan out of its current assets without jeopardizing its financial status it would seem advisable that provisions be made in the budget to amortize the loan from current revenue.

Reserve for Soldiers' Bonus Taxes—\$420.26

This item, when collected, represents the amount due the State of New Hampshire on the special Soldiers' Bonus Tax.

Unexpended Balance Carried to 1951—\$6,094.36

The unexpended balances in the various accounts carried to 1951 are detailed in the balance sheet.

Cash for the parking meter balance is necessarily included in the Cash in Bank. The budget provided that \$3,000.00 was to be derived from parking meter funds as budgetary credits for the purpose of regulation and control of traffic. Since there were direct payroll charges of \$1,256.50 to the parking meters, in effect, only \$1,743.50 was transferred directly to the budgetary credit. The balance of \$2,527.32 is carried to 1951 for future charges in connection with traffic control.

The other accounts were carried to 1951 as approved by the Council.

Surplus—\$25,428.16

The detail of this item is shown on Exhibit A—Schedule 2. The charge to Surplus in the amount of \$10,000.00 was used as a budgetary credit for the year 1950. Exhibit A—Schedules 2A, 2B, and 2C details the activity of operations for the current year and further substantiates the amount transferred to Surplus at the end of the year in the amount of \$16,726.55. The following is a brief summary of the factors comprising the transfer:

Excess Actual over Estimated Revenue	\$1,768.03
Additional Assessments	4,906.04
Unexpended Appropriation Balances (Net)	10,052.48
	<hr/>
	\$16,726.55

BALANCE SHEET—GENERAL INDEBTEDNESS

EXHIBIT B

The Balance Sheet—General Indebtedness discloses the City Liability on bonds, serial notes and long-term notes as at December 15, 1950. The indebtedness is detailed on Exhibit B—Schedule 1. All cancelled bonds and interest coupons paid during the year were produced for my inspection.

BALANCE SHEET—TRUST FUNDS

EXHIBIT C

The Balance Sheet—Trust Funds records assets and sources of such assets in the custody of the Trustees of the Trust Funds.

Cash in Bank—\$34,282.99

Cash in the Commercial and the Savings Bank was reconciled to the bank statement as well as independent confirmation received directly from the depository.

Investments—\$81,833.29

The Securities were inspected in the presence of two Trustees of the Trust Fund on December 15, 1950. Exhibit C—Schedule 1 details the various trust funds and shows the activity of the year. It further details the break down between the cash and investments.

AUDITOR'S REPORT (Continued)

BALANCE SHEET—WATER WORKS

EXHIBIT D

The Balance Sheet—Water Works sets forth the financial condition of the Water Works for the City of Franklin as at December 15, 1950.

Cash on Hand and In Bank—\$16,334.85

The Cash on Hand was verified by count and the Cash in Bank reconciled to the bank statement. These amounts were independently verified with the banks.

Accounts Receivable—\$10,095.28

A listing of the detail accounts was in agreement with the controlling accounts. Outstanding balances as at December 15 were verified by circularization.

Inventory—\$1,302.00

The Inventory was accepted as submitted by the Superintendent and no attempt was made to examine either the physical items or the prices used. There was a decrease of \$3,498.00 in the Inventory.

U. S. Treasury Bonds—\$14,009.50

The above item represents investments in U. S. Treasury Bonds. This investment is in accordance with the Public Laws of 1943—Chapter 160, and is reserved for future construction. The bonds were examined in the presence of two Trustees of the Trust Funds in whose custody the bonds are kept. Exhibit D—Schedule 1 details the investment.

Fixed Assets—\$310,460.47

The above caption is detailed on the Balance Sheet and shows the cost, depreciation reserve and net book value. There are some increases in the fixed assets as disclosed by the comparative balance sheet.

Due City of Franklin—Bond Fund—\$129,000.00

The above amount is due the City of Franklin for bonds issued, known as Water Bonds and sold in 1948.

Surplus—\$56,572.74

The Surplus account is detailed on the Balance Sheet. The operating gain for the year was \$2,724.72, to which was added the \$593.53 received from the sale of purification equipment scrapped in 1949. The total of \$3,318.25 was closed to Surplus.

School District—Statement of Receipts and Disbursements

Public Library—Statement of Receipts and Disbursements

Overseer of Poor—Statement of Receipts and Disbursements

The books and records of the above were examined and cancelled checks were compared with the cash disbursement records. Cash in the Bank at the close of the year was reconciled to the bank statement and independently confirmed with the various depositories. Vendors invoices unpaid as at December 15, 1950 are not reflected on the statement since the City is on a cash basis.

Payrolls

I examined all payroll checks cancelled during the year and reconciled the bank statement. I further test checked the endorsement on cancelled checks with the signatures on W-4 Withholding Tax Exemption Certificates.

City Clerks Office

The books and records of the City Clerk's office were spot checked. The daily cash collection register tapes were checked to the cash receipt book and traced to the bank deposits.

A spot check was made of the automobile permit and dog licenses issued during the year. Other business licenses were also spot checked.

GENERAL COMMENTS

As previously mentioned the City is on a cash basis. This means that charges to the various departments are made only

AUDITOR'S REPORT (Continued)

when the invoices are paid. Hence, any liabilities unpaid at the end of the year can directly affect the financial status of the City. I would suggest, therefore, that the City change from a cash to a cash-accrual basis. If this change were put into effect all departments would be required to submit outstanding commitments as at the close of the year, which would be included as a charge for the year.

Schedules of both expendable and unexpendable inventories should be submitted by each department at the year end. Complete records of such inventories should be maintained in the accounting office.

Exhibit A—Schedule 2C sets forth the budgetary appropriations for the year and discloses an unexpended balance of \$10,052.48. A few departments overexpended their appropriations.

The unexpended balances of the Sidewalk and Bridges appropriations were closed out to the Highway Department in view of the fact that the expenses pertaining to these appropriations were charged to the Highway. I would suggest that all direct charges of an appropriation be made when incurred in order to eliminate year end transfers.

An analysis of the abatements on property taxes discloses the following reasons for their issuance:

	Levy of 1950	Levy of 1949	Levy of 1947	Levy of 1946
Veteran Exemption	\$546.80	\$104.65	\$38.00	
Incorrectly or Overassessed	803.35	445.90		\$28.80
Assessment in Two Wards	48.00	36.13		
Out of Business	11.60	17.06		
	<hr/>	<hr/>	<hr/>	<hr/>
	\$1,409.75	\$603.74	\$38.00	\$28.80

Except for accident insurance for the members of the fire department, which was charged directly to estimated revenue, all insurance in the various City departments whose expenses are

controlled by the Council have been charged to the insurance account.

There was a drop in the valuation from \$8,924,370.00 to \$8,391,145.00. The principal reason for this decrease was the result of the Public Service Company of New Hampshire vs the City of Franklin law suit which resulted in the drop of valuation on their property of \$646,029.00.

As a result of the law suit there is a contingent liability of \$100,000.00. The following is in part taken from the "Stipulation for Final Decree in the Public Service Company of New Hampshire vs the City of Franklin, Superior Court April Term 1950":

"In the above entitled actions for the abatement of taxes assessed against the Public Service Company of New Hampshire for the tax years 1944 to 1949, inclusive, the parties hereby stipulate and agree to the entry of a decree embodying the following terms and conditions:

1. The above entitled actions shall be consolidated into a single action for the entry of the final decree.

2. In the consolidated action judgment shall be entered for the plaintiff in the sum of One Hundred Thousand Dollars (\$100,000.00) no costs, which judgment shall be payable upon the following terms and conditions:

- (a) If, within ten years from the date hereof, the plaintiff shall commence the development of its undeveloped water power at Franklin Falls, so-called, upon the Winnepesaukee River in said City of Franklin acquired from the Hudson River Power Company by deed dated December 22, 1943, and recorded in the Merrimack County Registry of Deeds, Lib. 605, Fol. 10, and shall complete a hydro-electric plant utilizing said water power, the said defendant shall pay said sum of One Hundred Thousand Dollars (\$100,000.00) in ten equal annual installments, the first installment to be paid in the tax

AUDITOR'S REPORT (Continued)

year commencing on the first day of April following the completion of said development.

(b) If the Plaintiff does not commence the development of said undeveloped water power within ten years from the date hereof, the defendant shall, within twelve months thereafter, pay the plaintiff the sum of One Dollar (\$1.00), which the plaintiff shall accept in full satisfaction of said judgment.

(c) No interest shall accrue on said judgment for One Hundred Thousand Dollars (\$100,000.00), or on any sum or sums payable in accordance with this stipulation."

The following is a summary of the salient points which should be given your careful consideration:

1. Changing the accounting system from a cash to a cash-accrual basis.
2. Amortizing the Loans Payable in Anticipation of Taxes from current revenue.
3. Establishing Inventory records.
4. Eliminating as far as possible departmental overexpenditures.
5. Charging the appropriations with direct expenditures to eliminate year end transfers.

I wish to express my appreciation to all the City Officials and the members of their staff for the cooperation and courtesies extended me during the audit.

Respectfully submitted,

LEONARD D. RICCIO,

Certified Public Accountant

FIRE DEPARTMENT (Continued)

Labor by Permanent Men

Helping Highway Mechanic	404 hours
Care of fire hose	65 hours
Shoveling hydrants	45 hours
Painting Highway and Police Signs	56 hours
Duty Police phone and radio	8,760 hours
Painting tower	52 hours
Testing hydrants	42 hours
Fire Inspection and Follow-up	105 hours

In March we had a complete inspection of the stores, churches and other public buildings by a group of 51 trained inspectors. This, together with the publicity given us by John Lewis and the Chamber of Commerce Fire Committee has no doubt had a great deal to do with reducing fire hazards here.

The Fire Department lived within its budget, turning back \$2,191.00, which is to go towards a new Seagrave Pumper, now on order.

We wish to thank the Mayor, fire committee and all others at this time for their help in making 1950 one of the best we ever had.

ROBERT O. F. CUNNINGHAM,
Clerk of Board of Engineers.

L. BOOMHOWER, Chief

R. CUNNINGHAM, Asst. Chief

C. GILMAN, Assist. Chief

Board of Fire Engineers.

POLICE DEPARTMENT

BOARD OF LIBRARY TRUSTEES

Mrs. John P. Dempsey, Chairman	Mrs. Charles L. Eddy
Rev. Wesley A. Paige, Secretary-Treasurer	Rodney A. Griffin II
Mrs. John S. Shepard, Sr.	Thomas A. Murray

STAFF

Mildred J. Peaslee	Librarian
Emma C. Boody	Assistant Librarian
Catherine M. Chase	Library Assistant
Roberta E. Goodell	Library Assistant
Anne Brock	High School Page
Ralph C. Colcord	Janitor

The semi-centennial year 1950 looks back over forty-three years in the history of the Franklin Public Library. There have been three head librarians in that period. Mrs. Barron Shirley served for twenty-eight years, and was followed by Miss Dorothy Richardson (later Mrs. John Starie) as librarian for eight years, who was succeeded by the present librarian in 1943. Many persons have served as assistants and pages during the period.

Several progressive accomplishments have taken place during the year for which this report is made. While the appropriation from the city has remained the same as for the previous year the circulation of books and magazines to the men, women and children of the city has registered an increase of 1,357 volumes. The total circulation proved to be 48,420. The book collection has grown by 802 additions: 716 were by purchase, while 86 came as gifts. 137 of the new books were added to the Children's Room. The library subscribes to 7 newspapers, 100 magazines, and receives 37 magazines as gifts. The withdrawal of worn volumes numbered 90 volumes. New borrowers for the year were 363, with inactive cards withdrawn numbering 207, which leaves the list of active borrowers at 3,169. Non-resident borrowers constitute 397 of the total number and are individuals who either go to school, work or shop in Franklin. On the interlibrary loan side of the picture we find that our library has borrowed 50 books and that 21 of our books were borrowed by other libraries. Improvement shows in the rate of types of reading being done. As it stood for the year fiction figured 53 2/5%, non-fiction 24 1/5%, and 22 2/5% for juvenile

books. The larger non-fiction percentage may be owing to the varied and desirable books now published in this group, also because of dissatisfaction with much of the current fiction. Juvenile reading has gained about ¾ %. Using the figures from the 1950 census for the population of Franklin makes our reading score for the city 7.39 per capita, a gain of .57 over last year.

School affiliation is always a part of any year's work in a library. A deposit collection of 253 books is at the Junior High School. Individual teachers in other schools have borrowed groups of books for the use of their classes. Eight groups have had 410 books. The remedial reading teacher brought a Junior High class to the library for an acquaintance visit. Observance of Book Week, with the Cosgrave exhibit, brought nine classes and their teachers for library visits.

To continue the operation of the library for the year has cost \$11,237.87. Of this total \$6,476.04 was for salaries and \$2,211.80 was for books and magazines. Fines brought in \$456.56 and the rental collection netted 470.06. The care and improvement of the building brings favorable comment from visitors, local and otherwise. The grounds about the building receive good care from Mr. Fred K. Longely, adding to the beauty of the natural setting the library has by the river and the little island. Two shades of brown stain were applied to the scored plywood with which the office walls were covered last year. The office floor was sanded and refinished, revealing beautifully grained wood. The painting of walls, woodwork and floor of the spacious storage closet off the front entrance hall has rounded out the long term repairs extending over a period of years. The aim has been to put the entire building in good repair. The intention is to keep it that way by a budgeted plan for repairs and improvements each year. Twice during 1950 high winds loosened shingles requiring repair or replacement.

The income from the partially-received bequest from the Frances M. O. Carter Estate has made it possible for the trustees to add a powder room for the convenience of those using Library Hall, also the installation of a gas water heater to provide continuous hot water for the entire building.

The exhibits arranged throughout the year have appealed to regular and special visitors. "Old Main Street" pictures proved as attractive as did the "Central Street in Earlier Years" scenes displayed last year. The chief exhibitions of 1950 included "Butterflies, Moths and Insects of New Hampshire" from the excellent collection of native and foreign butterflies, etc., made

LIBRARY (Continued)

by the late A. Royal Curl of Tilton and presented to the library by Mrs. Curl: pictures of "Franklin Churches and Pastors of the 1890's, presented by William S. Thompson; "Views, Stamps and Curios of Vatican City" loaned by Miss Mary Keegan and Rodney A. Griffin, both of whom had been to Rome; and the United Nations exhibit which gave the place of honor to a local man, Lt. Col. Paul T. Clifford, who led the UN troops into the North Korean capital of Pyongyang. Book Week was observed with an interesting and varied display of the work of the well-known artist and illustrator, John O'Hara Cosgrave II. His work delighted many visitors. A terrarium of sixteen growing woodland plants arranged by library friends at Ragged Mountain Camp has attracted much attention.

Collections of local materials, minerals and pictures have been received from Mary E. Burleigh, Gertrude E. Dresser, Melissa Hemstock, William S. Thompson, Jean M. Shaw, Mr. and Mrs. R. W. Sulloway, Mr. and Mrs. Alexis Proctor, and Mr. and Mrs. W. B. Daniell. The latter have presented the Children's Room with a completely furnished and electrically lighted doll house. It was decorated for the holiday season and was a center of attraction. Many other friends of the library have made helpful and welcome gifts of books, magazines, plants, flowers, University prints, and Bibles in foreign languages.

Miss Catherine Chase, library assistant, has had a leave of absence for several months, owing to illness. While she has been recuperating Miss Roberta E. Goodell has substituted for her. Several trustees and the librarian enjoyed the program and sociability at the Authors' Tea at the Laconia Tavern in August.

The library publicity appearing each week as **BOOK SUGGESTIONS** in The Journal-Transcript continues through the courtesy of the editor, Mr. John Philip Lewis. The requests of borrowers or telephone calls for books prove that the book notes are read. The Memorial Book Shelf has had seven additions during the year.

Library Hall is used regularly by the Woman's Club and the Hospital Aid Society. Other groups using it during the past year were the Republican Women's Club, when Governor and Mrs. Sherman Adams, Mayor and Mrs. W. Frank Welch, also members of the City Council were guests of honor; the TB Christmas Seal headquarters for Tag Day; and other occasional meetings.

New equipment other than what has been mentioned previously has been a two-shelf book rack used at present for "Books into

Movies"; a five-shelf steel cabinet for storage and filing purposes; an umbrella rack for the upper hall; a water pressurer reducer; a desk chair floor mat; an Electrolux vacuum cleaner; and an oak bench built at the High School woodworking shop for use on Library Hall stairway landing.

The interest and cooperation of the trustees and the expressed appreciation of many borrowers for the work the library tries to do to make the staff aware that the efforts of its members, individually and collectively, have accomplished something, if not all that might be desired. The welfare of the library has been aided by trustees, staff and the citizens of the community working together, which is a worthwhile example of what cooperation will do.

Respectfully submitted,

MILDRED J. PEASLEE
Librarian

Board of Education

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the Franklin School Board, Mayor and Council, and citizens of Franklin:

I herewith submit my first annual report as your Superintendent of Schools. This is the fiftieth in the series of reports prepared by school superintendents.

We find ourselves in extremely trying times both on the national and local level. We are asked to do many tasks and to make many sacrifices. The schools are asked to perform an increasing number of functions daily in order that we prepare our youth for the emergencies they are bound to meet. One responsibility of the school is to see that each and every pupil is given those basic skills necessary to perpetuate this democratic life which we cherish so dearly. I am happy to report that your school staff is cognizant of and are serving this need of our youth so far as it is humanly and economically possible.

The community has its responsibility to the youth. It must provide the facilities, the materials, and the funds with which an adequate program can be carried on in Franklin. You have been able in the past, and will continue to in the future, to get one hundred cents worth out of every dollar spent for education. You have been fulfilling your responsibility as well as you have felt able to do. It may not be enough. You may need to extend this effort a little in order that our boys and girls are given the very best type of education that we can afford.

This report, along with those of the high school Principal, Nurse, and statistical tables covers the year 1950. Since I did not assume duties in Franklin until the latter part of this past summer, the report will necessarily stress this part of the year. The report will attempt to cover Personnel, School Plant, touch on School Financing, and point out some of the needs of the District.

Personnel:

Franklin has been fortunate during the past year on the teacher turn-over. Since January 1950 there have been the smallest number of changes in the Franklin schools that have occurred during

SUPERINTENDENT'S REPORT (Continued)

any of the recent years. During this year there have been three transfers and four new appointments.

When the sixth grade of the Nesmith School was transferred to the Daniell Junior High School in September Miss Helen Holmes was transferred with the class. Mr. E. Russell Raymond, a teacher at the Junior High and a former Elementary Principal in Rhode Island was transferred to the Nesmith School as Principal and teacher of Grade 5. Because of the large number of third grade pupils at the Hancock School Miss Elsie Smith was transferred from the Nesmith School to Hancock thus allowing the breaking into two groups of this large number.

Mr. Francis Keating, a graduate of the University of New Hampshire, who has had considerable experience substituting in our schools, was elected to replace Mr. Raymond at the Junior High School as teacher of Social Studies.

Mrs. Lillian Davidson, a former teacher at the Junior High, was elected to fill the position as teacher of English in grades seven and eight made vacant by the resignation of Mrs. Elizabeth Miller.

Mrs. Helen Rego, a graduate of Plymouth Teachers College and a teacher with a number of years of experience was elected to fill the vacancy caused by the resignation of Mrs. Anne P. Abbott who accepted a position in Sanbornton.

Mrs. Catherine S. Tolman, a former Franklin High School teacher was elected to fill the position of English teacher at the High School caused by the resignation of Mr. Philip Ide in order that he might accept a position in New York.

The Franklin Salary Schedule has been one of the factors which has tended to keep the staff of the schools intact. In order that we be able to continue to do this it will be necessary to make certain revisions in our schedule. The minimum salary is far too low for the present market. Many communities have already set their minimum starting salary for teachers in September 1951 at \$2400. Franklin's minimum at the present is \$1944 plus the recent cost of living adjustment voted by the Council.

Your teachers have service to the youth in the Franklin schools ranging from one to forty-five years. The average length of service for all teachers is 10.7 years. This speaks well for the schools of the city. It is only with some semblance of continuity on the part of the teaching staff that we will continue to make educational progress with the youth of the city.

School Plant:

During the past summer a considerable amount of work was done on the school buildings. The need for this work was recognized by the Mayor and Council after a tour was made with the School Board over the whole plant. The condition of the schools at that time indicated the need of immediate work. Repairs should not be allowed to go beyond one year. Each repair should be made as soon as possible since the cost at that time will be the smallest. It is a well known fact that the cost of a repair increases beyond a proportional rate if allowed to remain undone.

The major jobs of the summer included the complete caulking and waterproofing of the parapet at the high school. This work was carried out under the direction of A. M. Walter Zak, City Engineer. Savings were effected in this work by the cooperation of the other departments in the city government. Another job which was done at the high school was the reinforcement of the main corridor floor and the laying of new tile over the reinforced surface.

At the Nesmith School a mulsomastic floor was laid over the old floors and the stair treads. The exterior of the building was painted and ceilings and walls of the interior done in the latest of pastel shades. New lighting fixtures were hung in two rooms where new ceilings were installed.

At the Hancock School new ceilings were installed in four rooms. Light fixtures were rehung and walls painted in the classrooms.

To keep the buildings and grounds in good repair requires an annual expenditure based on a regular schedule of upkeep. It is our hope that a plan might be devised whereby a capital improvement sum would be allotted each year to carry out such work as painting, acoustical treatment of certain areas, additional lights and maintenance of grounds.

Financing School Program:

Were we able to operate schools without the use of money we would have the best in the world. Since we do need funds and at present the source of these funds is the local property tax, the demands of the schools must be sifted with those of other city departments. The history has shown that the schools were asked to carry the largest share of any reductions during economy moves. This was particularly true of the past Austerity Program of the state legislature when the amount of state aid to districts was cut from two million to four hundred thousands of dollars. According to the present proposal for state aid Franklin would not qualify. It

SUPERINTENDENT'S REPORT (Continued)

seems apparent then that the local district must assume the full costs of the educational program. In order to help keep up with the cost of education the Board has voted to set the tuition rates for the 1951-52 school year at the following figures: High School, \$225; Junior High, \$175; Elementary, \$150. It is hoped that the added revenue will in some measure compensate for some of the increasing costs of schools.

Franklin has not been spending the average for the state on education these past few years. The amount which Franklin raised for the past year does not begin to approximate the 18.71 mill average tax rate for school purposes in the state. Based on the 18 mill local fair share which the state is suggesting in its new formula the equalized valuation of the city would raise \$195,369.26. The amount actually appropriated was \$165,000 with an additional \$6,000 for capital improvements making a total of \$171,000. This figure is still far below the \$195,369, which the average state tax would raise.

Needs:

The following list of needs for the school district are major and do not represent all that are apparent. The needs are not listed in the order of importance but should be considered as a group.

1. There is need for considerable space for storage at the high school. Two areas have been found which could be developed into shop, athletic, and general storage space. This can be done at slight cost to the district.

2. In order that the grounds of the school buildings, Junior and Senior High Schools, be kept in good condition a full time maintenance man should be provided, or some arrangement made with the city for the maintenance of the grounds.

3. There is a need for the development of a physical education program at the junior and senior high school levels. In order to carry this out it would be necessary to hire one additional member for the high school in order that present staff members be utilized for the physical education work.

4. A supervisor of Art for the Franklin Schools would be an asset in rounding out the educational program of the youth of the city.

5. A full time teacher of remedial subjects would be valuable in assisting the pupils who experience difficulty in some of the fundamental tool subjects.

6. The transportation of the pupils of the district needs much thought and consideration. There should be some economies effected in the transportation systems of the school. One of these economies would be the purchase of an additional school bus to carry out the transportation of our pupils. During the past year we have shown that the ownership of busses by the district is a distinct saving and leads to more effective and easier controlled transportation.

There are many other needs which could be enumerated. It is hoped that those above could be cared for as one step in the total program.

I want to express my thanks for, and appreciation of, the splendid cooperation I have received from the Board, Mayor and Council, the staff and the community. It is a great source of pleasure to me to be associated with the groups that are so vitally interested in the welfare and the education of our youth. May our future years be as pleasant and fruitful as has been the first.

Respectfully submitted,

FRED W. SNELL

Superintendent of Schools.

REPORT OF THE HIGH SCHOOL HEADMASTER

To the Superintendent of Schools:

We have had a slight drop in enrollment for this school year. The total figure up to January 1, 1950 was 396. This year it is 376. The change is mainly in the enrollment of the Freshmen class. The summary of registration is as follows:

	Girls	Boys	Total
Seniors	44	51	95
Juniors	45	47	92
Sophomores	43	50	93
Freshmen	42	51	93
Post Graduates	2	1	3
	<hr/>	<hr/>	<hr/>
Total	176	200	376

An interesting observation on the registration information is on the place of birth of our pupils. Of the total 232 were born in Franklin, 88 were born in other communities in New Hampshire, 53 were born in other states, and three in foreign countries.

Faculty:

We are fortunate this year in having only one change in our faculty. Mrs. Catherine Tolman returned to the staff to handle the Freshmen and Sophomore English in the position held last year by Mr. Philip Ide. Mrs. Tolman also assumed responsibility for Dramatics, Public Speaking, and Assembly Programs. We have had two cadet teachers during the first semester—Miss Ann Janetos from the University of New Hampshire worked in the Domestic Arts Department, and Mr. Ralph Beede from Plymouth Teachers College worked in Mathematics and Science. We expect two more from the University of New Hampshire for the second semester. We are able, by training cadet teachers, to help in the improvement of the teaching profession in New Hampshire.

New Developments:

I. Career Day

In April 1950 we held our first Career Day. This program, designed to provide all boys and girls in the school with direct vocational information from people active in the field, was very successful. We included members of the two upper classes in Tilton-Northfield and Andover High Schools in the program. Eighty-five separate section meetings were held, each operated by a student chairman and recorder.

Each meeting lasted for 50 minutes and time was provided for questioning the speakers. All who participated, pupils, teachers, and speakers, felt that a great deal was accomplished by this program. The committee who planned this day was as follows: Alger Bourn, Chairman; Nina Clark, Mary McIntosh, Bertha Pellerin, Frank Crowley, Philip Ide, Rosalind O'Brien, and Joseph Cashman. Mrs. Ruth Gilman and her staff are to be complimented for the way they handled the crowd in the cafeteria. Over 300 people ate in the cafeteria in the 60 minute lunch period. We plan to hold a similar program every other year.

II. The Franklin Plan

Under the leadership of Mr. John Lewis, Editor of the Journal-Transcript, a group of interested business and professional men began discussing the need for providing vocational information and help for the young people of Franklin. As a result a small steering committee with Atty. Donald Cushing as chairman, have set up an organization to do this job. A survey of vocational consultants available in this area was conducted. The school guidance department has been instructed to call on this local help any time the service can be used. As a result, when a pupil begins to think seriously of any type of a career, it is possible to refer him immediately to a person who is actively engaged in this work. The pupil goes out for the interview and also has the opportunity to see the actual operation of the job that interests him. The possibilities for helping the boys and girls through this program are unlimited. It is very encouraging to have a group of busy business and professional people demonstrate in such a material way their interest in the welfare of Franklin's children. The boys and girls of Franklin

HEADMASTER'S REPORT (Continued)

are fortunate to live in a community that shows such sincere concern for their future.

III. Guidance

Many members of the faculty took the extension course in Guidance offered at the high school from February to June last year. We are attempting to do more about individual guidance this year. Mr. Bourn is heading up the program. All teachers have a part in the program. Each pupil is assigned to a faculty advisor. The advisor follows the progress of the pupil and is available to the pupil for counselling. Much individual information is assembled by the advisor and attention is given to educational problems as they develop.

The need for individual guidance is more apparent each year. We need to have a more comprehensive testing program to determine objectively the abilities of each pupil. The time that teachers are able to give to this work is limited because they are all carrying a full load. Much more could be accomplished if a member of the faculty could be relieved of part of the teaching load to concentrate on the organization and coordination of this work. I hope that in the very near future we will be able to have a member of the staff assigned to do this job.

IV. School Activities

The organization of school activities remains very much the same as it was last year. Mr. Connor is now Faculty Advisor of the Athletic Program. The increased cost of equipment and services and the containing low income from the operation of our athletic program presents a difficult problem of financing these activities. We are still operating a program designed to provide the benefit of athletic training and competition to a large number of boys and girls. Every effort is being made to reduce expenditures. Over \$600 is raised by the Student Government through candy sales to assist the Athletic Association meet its financial obligations. It is possible that next school year we will have to curtail the program or ask the school board for regular financial assistance.

V.

We hear criticism at times regarding the success of our graduates in schools of higher learning. The same thing is found in every community that I know of. An extensive survey of grades received by graduates of the high school who were attending college was included in my report last year. The facts indicated that our graduates were successfully competing in these schools. To strengthen our program we have organized special classes for all boys and girls who wish to have extra help. Classes are offered on a voluntary basis in English, Mathematics, Science, and Language. These classes meet every week and will be continued as long as there are boys and girls who wish to be helped.

Curriculum:

I repeat again the request, that has been made in my report for several years, for a renewal of a program in Health and Physical Education. We have the facilities, the trained staff, and our boys and girls need this experience. We must be concerned with the health and physical development of our pupils throughout their school years and particularly at the high school level. To operate a program of this type we would have to add a member to the staff to release present staff members to handle the work. We also need the services of a physician to carry out the examinations and act as a consultant. This is an important phase of the school program that needs attention.

* We are now entering a period in our history which will without a doubt demand changes in the school program. During the last war period many new subjects were added. We will probably be called upon to make similar changes this time. I am confident that the entire faculty will cooperate to provide the instruction which is needed.

Building and Grounds:

During the summer of 1950 two major repair items were taken care of at the high school. The main corridor and parapet are now in good condition. We are fortunate to have the engineering supervision of Commissioner Walter Zak for work of this type. Consideration should be given to refinishing the interior of the building.

HEADMASTER'S REPORT (Continued)

We are now in our eleventh year of occupancy. All rooms and corridors need repainting. Shop machinery needs to be replaced and modernized. Some rooms still contain furniture which was moved from the old building to be used temporarily. Consideration should be given to a planned program of repair and replacement of equipment. If some of this work is done each year, we can avoid having expensive and extensive projects come up every few years.

The grounds need a considerable amount of attention. We do not have the personnel to provide for the constant care that our recreation areas need. We should have someone directly responsible for the upkeep of these areas. The relocation of the football field has worked out very well. More parking space is provided and the playing area is now almost entirely removed from the baseball diamond. Further planning and constant attention should provide improved facilities for the school and the city.

This report would not be complete without mentioning the cooperative friendly atmosphere created by the Superintendent, the School Board, and the people of the City of Franklin. This reflects in the attitude and spirit of the boys and girls. On behalf of the staff and pupils of Franklin High School, I wish to express our appreciation for all efforts to improve the educational opportunities in our city.

Respectfully submitted,

JOSEPH J. CASHMAN
Principal

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

Educators and health workers have for years considered the health of school children as an area of prime importance to society. They have seen the importance of so educating the child, that he might have a healthy mind in a healthy body. The experience and studies of recent years have confirmed this position and pointed out more clearly the intimate connection that good health has with the educational success of the school child. In this connection, one has only to consider the importance of hearing and sight. The ears and eyes can truly be called the windows of the mind, and in altogether too many cases, failure in school work can be attributed to the fact that they are not functioning properly.

For the past two years we have been using the Massachusetts' Vision Testing Instrument. With this machine, we are able to give a more complete examination.

Deafness or impaired hearing may be hereditary. More frequently it may be caused by adenoids, diseased tonsils, or by some particular disease such as scarlet fever. It may also be caused by hardening of wax in the ears. Since 1948 we have been using a hearing test known as the Puretone Audiometer.

Tuberculosis in children rarely shows itself in physical signs of lowered vitality, such as loss of weight, coughing, or general weakness. In most cases the disease develops very slowly and does not cause trouble until adolescence, or early adulthood. It is possible however, to detect the presence of tuberculosis infection by making the use of what is known as the Tuberculin Test. This is a skin test, harmless, yet very diagnostic. Where the test indicates a suspicious condition, an X-ray picture of the chest is taken for confirmatory purposes. This Tuberculin Skin Test was given to 607 pupils, 9 teachers and 3 workers in the school lunch program on March 8, 1950. Twenty-three positive reactors to the test were X-rayed in April 1950. As a further precautionary measure two chest clinics were held in January and June. Dr. Robert Kerr, of the New Hampshire Tuberculosis Association, was in charge of both clinics.

One factor in the healthy growth and development of children is freedom from communicable disease such as measles, diphtheria,

SCHOOL NURSE (Continued)

and scarlet fever. Every child should be given the preventive treatments that are available. No child should enter school without being successfully vaccinated against smallpox and immunized against diphtheria.

During the months of April and May a toxoid clinic was held with thirty-nine school children attending. Due to the fact that a toxoid clinic is held every year for pre-school and school children and, in addition, many children are immunized by their own physician, I feel that the children on a whole are protected against diphtheria.

Malnutrition, which is prevalent among all ages and classes of society is of particular importance when found in the school child. Upon proper nutrition depends in no small measure both scholastic achievement and the proper adjustment of the child to school situations. While improper food or lack of food is the chief factor in malnutrition, there are other important contributing factors. Among these are physical defects, such as bad teeth, tonsils, fatigue, lack of sleep, hypertension, too much excitement and improper eating habits. The child who is malnourished, hungry, or tired cannot be expected to do his best work in school.

The following is an account of the Nutrition program that was carried on during 1950 by the nurse:

2,353 bottles of milk were purchased.

1,915 hot lunches were purchased.

Total cost was \$500.65.

The Franklin Rotary Club sponsored their annual tonsil clinics. Ten operative cases were cared for by Dr. Frank Kropp and Dr. Robert Morin.

Physiotherapy is an important factor in the treatment of many physical defects which, if untreated may become serious handicaps. The person who carries himself well enjoys many health benefits. Ten children have attended the orthopedic clinic in Concord and Laconia at frequent intervals during the year.

The New Hampshire State Board of Health continued to offer its services to children with postural, orthopedic and foot defects through the competent trained physiotherapist, Miss Mary Bullock of Concord. Miss Bullock has been coming to the nurse's room at the Daniell Junior High School, on the first Friday of each month to supervise the exercises recommended by the attending physician at the clinic.

The importance of detecting disorders in their incipient stages cannot be over emphasized. To this end, physical examinations were given by Dr. Robert Morin to all pupils participating in the athletic program of the Franklin schools.

A pre-school clinic was held at the Hancock School on May 22 and May 23. At this time thirty-four children were examined by Dr. Robert Morin. On May 25 a pre-school clinic was held at the Nesmith School where eleven children were examined by Dr. Robert Morin.

It has been indeed encouraging to find throughout the school year the same keen appreciation and earnest cooperation that are so characteristic of the interest of the citizens of Franklin in the health program of their schools. I wish to take this occasion to thank the doctors and dentists, the directors of the Tobie Trust Fund, the Franklin Kiwanis Club, the Franklin Rotary Club, Women's Fellowship of the Christian Church, Franklin Community Chest, Franklin P. T. A., B. P. W., B. P. O. E. and Shaw-Martin American Legion Unit

Respectfully submitted,

MARION MOYNIHAN, R. N.

Resolutions

No. 1.

In the year of our Lord one thousand nine hundred and fifty.

A resolution relating to borrowing money in anticipation of taxes.

Resolved by the City Council of the City of Franklin as follows:

That for the purpose of paying such claims against the City of Franklin as may fall due before the 15th day of December, 1950, the City Treasurer of the City of Franklin, with the approval of at least a majority of the standing committee on finance, be and hereby is authorized and empowered to make such temporary loans from time to time for the use of said city, of sums not exceeding the aggregate amount of two hundred seventy-five thousand dollars \$(275,000.00); said loans being in anticipation of the taxes of the present year and hereby made expressly payable therefrom; said Treasurer giving for the said loans and notes of the said city bearing the authenticating certificate of the First National Bank of Boston, in Boston, Massachusetts; said notes to be signed by the City Treasurer and countersigned by the Mayor and to be payable within one year from their respective dates.

Approved: W. Frank Welch, Mayor.

Passed: January 4, 1950.

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

No. 2

In the year of our Lord one thousand nine hundred and fifty.

A resolution relating to taxes and poll taxes.

Resolved by the City Council of the City of Franklin as follows:

That the Tax Collector shall not allow any discounts on taxes but that twenty cents shall be added to all poll taxes not paid on or before September 15th, 1950

Approved: W. Frank Welch, Mayor.

Passed: January 4, 1950.

A true copy, attest: Mildred S. Gilman, City Clerk

RESOLUTION

NO. 3

In the year of our Lord one thousand nine hundred and fifty.

A resolution relating to the weekly payrolls.

Resolved by the City Council of the City of Franklin as follows:

That the Treasurer be and hereby is authorized to draw her draft each week for the payment of the weekly payrolls of the Highways, sewer and other departments where weekly payment is required.

Approved: W. Frank Welch, Mayor.

Passed: January 4, 1950.

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

NO. 4

In the year of our Lord one thousand nine hundred and fifty

A resolution relating to the appointment of the standing committees of the Council.

Resolved by the City Council of the City of Franklin as follows:

That the Mayor be authorized to appoint the following standing committees of the Council for the year 1950:

Highways	Ordinances
Sewers	Street Lighting
Fire	Cemeteries
Police	Claims
Schools	Health and Welfare
Public land and buildings	
Daniell Park Development	
and a committee on Finance to consist of the mayor	
and two members of the Council.	

Approved: W. Frank Welch, Mayor.

Passed: January 4, 1950.

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

NO. 5

In the year of our Lord One Thousand Nine Hundred Fifty.

A resolution relating to the appointment of a Citizens' Advisory Board .

Resolved by the City Council of the City of Franklin as follows:

(A) That the City Council appoint a committee to be known as the Citizens' Advisory Board, composed of ten members, whose duties will be to review and study the proposed annual City Budget for 1950, and to meet and discuss its findings and recommendations, with the Mayor and Members of the City Council.

(B) That the Citizens' Advisory Board be appointed, one by the Mayor and the other nine to be appointed one by each Councilman.

(C) That following the appointment of the members of the Citizens' Advisory Board by the City Council as soon as it becomes convenient, each member will be notified by the city clerk of his appointment, with request, that they organize to receive the proposed budget for 1950, for their study and report to this council. It is the wish of the Mayor and Council that this committee work in an advisory capacity for the year 1950.

Approved: W. Frank Welch, Mayor.

Passed: March 6, 1950.

A true copy attest: Mildred S. Gilman, City Clerk.

RESOLUTION

NO. 6

In the year of our Lord One Thousand Nine Hundred and Fifty.

A resolution relating to a Work Project.

Resolved by the City Council of the City of Franklin as follows:

1. That a Work Project be set up by the City of Franklin for the purpose of providing employment for those able to work who now or in the future may be receiving assistance from the Relief Department of the City of Franklin.

2. The Overseer of the Poor shall assign to such Project such individuals as are currently receiving aid from the City of Franklin and are physically able to perform the necessary labors. The rate of pay on said project shall be .75 per hour.

The direction of said work project shall be under the supervision of the Commissioner of Public Works, and all individuals assigned to said project shall be under his supervision and control.

3. The Commissioner of Public Works shall undertake such project as he and the Relief Committee deems advisable, but major projects shall be approved in advance by the City Council.

At least three thousand dollars \$(3,000) of the sums appropriated for this project shall be expended on the betterment and improvement of roads which are classified as Town Road Aid.

4. (a) Three thousand dollars (\$3,000) of the amount received from state and city for Town Road Aid shall be set aside as the appropriation for work on Town Road Aid Roads.

(b) Seven thousand (\$7,000) of the amount appropriated by the City for the Relief Department shall be allotted to the Work Project as additional funds.

Approved: W. Frank Welch, Mayor.

Passed: March 6, 1950.

A true copy attest: Mildred S. Gilman, City Clerk.

RESOLUTION

NO. 7

In the year of our Lord one thousand nine hundred and fifty.

A resolution relating to honoring Bessie C. Rowell.

Whereas Bessie C. Rowell has been a teacher in the Franklin Public Schools for forty-five years.

Resolved, that the City Council, in behalf of the Citizens of Franklin, extend to Bessie C. Rowell a vote of thanks in appreciation of her long, faithful and valued service as a public servant.

Resolved, that this resolution be made a matter of record for preservation in the archives of the city and be it further

Resolved, that a copy of this resolution be transmitted to Miss Rowell.

Approved: W. Frank Welch, Mayor.

Passed April 3, 1950.

A true copy attest: Mildred S. Gilman, City Clerk.

RESOLUTION

NO. 8

In the year of our Lord one thousand nine hundred and fifty.

A Resolution relating to running motion pictures in Memorial Hall by the City of Franklin.

Resolved by the City Council of the City of Franklin that the Mayor be authorized to appoint a committee to study the advisability of running moving pictures in Memorial Hall in the City of Franklin.

Be it further resolved that said Committee shall make a report to the Mayor and Council as soon as it is possible.

Approved: W. Frank Welch, Mayor

Amendment:

That the Mayor appoint three members of the Council besides himself to act on this resolution.

Approved: W. Frank Welch, Mayor.

Pased: May 17, 1950.

A true copy, attest: Mildred S. Gilman, City Clerk.

Approved: W. Frank Welch, Mayor.

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

No. 10

In the year of our Lord one thousand nine hundred and fifty.

A Resolution relating to a Municipal Light and Power Plant in Franklin.

Resolved, by the City Council of the City of Franklin, as follows:

That, the City of Franklin in accordance with Chapter 56 of the Revised Laws of the State of New Hampshire, acquire or establish a Municipal Light and Power Plant, and that a referendum on the same be placed before the people at a special City Election to be held on Tuesday, September 12, 1950, together with the State Primary Election, unless an earlier date is set by the City Council for said referendum.

Approved: W. Frank Welch, Mayor.

Passed: May 22, 1950

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

No. 11

In the year of our Lord one thousand nine hundred and fifty.

A resolution relating to the tax assessment case of the Public Service Company against the City of Franklin.

Whereas, the Public Service Company of New Hampshire has appealed from the tax assessments entered against it for the tax years 1944 to 1949, inclusive, by petitions for abatement now pending in the Superior Court for Merrimack County, and

Whereas, the Public Service Company of New Hampshire has paid said taxes during the pendency of said proceedings and by its petitions seeks the refund of any overpayment, and

Whereas, the Public Service Company of New Hampshire has now proposed a compromise settlement of said actions as set forth in the stipulation for final decree hereto annexed,

RESOLVED, that the terms and conditions of the proposed compromise settlement as set forth in said stipulation for final decree be and the same hereby are approved and accepted, and

FURTHER RESOLVED, that the City Solicitor and counsel representing the City of Franklin in said actions be and are hereby authorized and empowered and directed, for and in behalf of the City of Franklin, to execute the proposed stipulation for final decree, and to do any and all things incidental or necessary to the entry of a final decree in said actions in accordance with said stipulation.

Approved: W. Frank Welch, Mayor.

Passed: August 14, 1950

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

No. 12

In the year of our Lord one thousand nine hundred and fifty.

A Resolution relating to the death of Frank O. Sargent.

Whereas we have learned with sorrow of the death of Frank Sargent, former Councilman of Ward One, therefore be it resolved that we, the Mayor and members of the Franklin City Council mourn the passing of our former member and pay tribute to his faithful public service to his city, and be it further resolved that we extend our heartfelt sympathy to his family in its bereavement and be it further resolved that the City Clerk transmit a copy of this resolution to Mrs. Sargent.

Passed, August 14, 1950

Approved: W. Frank Welch, Mayor.

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

No. 13

In the year of our Lord one thousand nine hundred and fifty.

A Resolution relating to raising money by taxation.

Resolved by the City Council of the City of Franklin as follows:

That the sum of \$403,174.75 be raised by taxation the present year and that the assessors be instructed to assess for the amount as follows:

County Tax	\$37,054.54
Library	9,000.00
Schools	165,000.00
Poll taxes	6,006.00
National Bank stock taxes	1,104.00
	<hr/>
	\$218,164.54

and the sum of \$185,010.21 to meet the current expenses provided for by the appropriations made and same be appropriated with other revenues of the City to meet the same.

Tax Rate for 1950: \$48.00 per thousand

Approved: W. Frank Welch, Mayor.

Passed: August 22, 1950

A true copy, attest: Mildred S. Gilman, City Clerk.

RESOLUTION

No. 14

In the year of our Lord one thousand nine hundred and fifty.

A resolution relating to endorsing the improvement of road on Route 3.

Resolved by the City Council of the City of Franklin as follows:

That the City of Franklin endorse the plans already announced by the State Highway Department for improving the road on Route 3 from Concord to Laconia.

Be it further resolved that we further favor improvement of road Route 3 as the main business thoroughfare between Concord, Franklin and Laconia.

Approved: W. Frank Welch, Mayor.

Passed: Sept. 6, 1950

A true copy, attest: Mildred S. Gilman, City Clerk.

Ordinances and Amendments

AMENDMENT TO ORDINANCE ON TRAFFIC REGULATIONS

An amendment relating to Traffic Regulations.

Be it ordained by the City Council of the City of Franklin that Section 15 of Chapter 13 of revised City Ordinances (Ordinance relating to Traffic Regulations) be amended to read:

Section 15. No automobile or other vehicle shall be parked or left on Central Street between Church Street and Sanborn Bridge or on Franklin Street between Central Street and Church Street or on Memorial Street between Central Street and Canal Street for more than two hours at any time, between the hours of 8:00 A. M. and 6:00 P. M. Sundays and Holidays excluded. On one week-day evening during each week, the City Marshal and Police Committee may extend the two-hour parking from 6:00 P. M. to 9:00 P. M. In event of a change in such evening, they shall give the public two (2) weeks' notice by publication in a newspaper.

Approved: W. Frank Welch, Mayor.

Passed: February 6, 1950

A true copy, attest: Mildred S. Gilman, City Clerk.

AMENDMENT TO ORDINANCE ON REGULATION OF TAXI, JITNEY OR BUS SERVICE

Be it ordained by the City Council of the City of Franklin that Paragraph A of Section 2 of the Ordinance originally passed on March 7, 1932, be amended to read: Section 2 A. the fee for such license shall be fifteen dollars for the first taxi, jitney or bus operated by any person, partnership or corporation conducting such a business and five dollars for each additional vehicle operated in said business.

Approved: W. Frank Welch, Mayor.

Passed: February 6, 1950

A true copy, attest: Mildred S. Gilman, City Clerk.

**City of Franklin,
N. H.**

**Inventory of
Assessed Valuations**

for the year

1950

Basis of Assessment

The Revised Laws of New Hampshire, 1942, provide that the assessors:

“Shall appraise all taxable property at its full and true value in money as they would appraise the same in payment of a just debt due from a solvent debtor”

As to stock in trade:

Chapter 73, Section 16, Revised laws provides that declarations must cover:

“. . . the average value of your stock in trade employed in this town for the year basing the value on the worth to you to use or to sell in the ordinary course of business.”

Ward 1
